

MMCI Members and All MM Enthusiasts

Happy New Year, it is hard to believe that 2017 is upon us.

30th MMCI Anniversary

This year the Club will be celebrating its 30th anniversary. There will be special anniversary items to purchase at the March Winter Show, along with special items to be auctioned off at the summer show. I hope you all are as excited as I am to be able to celebrate this special year. Thank you for all your continued support, without each of you the MMCI would not be here today.

New Board Directors Needed

If you are looking for a challenge this year we have an opportunity for you. The club will have a board of director opening and if you feel that this is your calling or you know of someone who would fit this roll please contact Tony Martin or Ruth Book. I personally have been on the board for 4 years and have enjoyed it. There are several perks; you are continually meeting new people. Having the chance to travel to different states and hearing the Moline stories and how important it is in family history.

Photographs Needed for Calendars

At this time most of you should have received your 2017 membership packet in the mail. We have chosen to add color photos again this year. I hope you are enjoying each moment reminiscing the photos as you flip through the pages. If you or someone you know might have any old factory, dealer or fair-time photos you would like to share in the calendars for the upcoming years please let me know.

Coloring Contest in March

Don't forget to enter your coloring pages into the annual coloring contest. The judging will take place at the winter show in Booneville Missouri March 23rd – 25th 2017. The coloring pages can be located in the MM Corresponder or can be located on the Minneapolis Moline web site.

I am excited for the arrival of spring and hope to see each of you at the upcoming shows. Please travel safe.

Jay Groskreutz,
MMCI President
