- Notes:**
- 1 1938 Tractors Had Cherry Red Wheels
 - 2 Late 1937,1938 Tractors may have been PG1
 3. Red lettering on top radiator tank
 4. Red lettering on top radiator tank/pto covers
 5. Late 1934 and 1935 Tractors may have been the Dark Gray

There was almost no production in 1933. The exact date of the color change from Battleship gray to the Darker gray is not clear, some models may have been either color during this transitional period.
