

Summer Convention Requirements

Minneapolis Moline Collectors, Inc.

The MM Collectors Inc. welcomes your interest in hosting a Summer Convention for our club. The following list identifies our requirements. The club will provide a contact person to answer questions and help coordinate your efforts.

1. The MM Summer Show must be held in conjunction with an established local show and represented by an MM Collector member.
2. The host identifies motels to accommodate 250 to 300 people.
3. The host makes all arrangements for the banquet including speaker or entertainment. Door prizes and favors are up to the local committee. Reservations and payment for the banquet must be done prior to the convention; host determines cut-off date and accepts reservations and payment.
4. The host and MM Collectors will each appoint a spokesperson to be a contact person.
5. *Minneapolis-Moline* and *Minneapolis-Moline Collectors Inc.* must be prominently displayed on show bills and on all advertising.
6. A separate display area must be provided for MM tractors and MM tractors should be featured collectively in the parade. The club has an announcer available for the MM portion of the parade.
7. The host provides a facility for vendor and collector displays. Adequate show ground display security must be provided.
8. The host will not charge MMCI as a vendor, but will charge all other vendors. Selling Minneapolis-Moline related materials is preferred. Vendors may sell off-brands so long as they are also selling Minneapolis-Moline.
9. A maximum of \$1,000.00 will be available for reasonable and customary expenses. Items must be approved by the directors and bills presented to the club treasurer for payment.
10. MMCI will provide financial resources so that reduced banquet prices for children 16 and under can be offered as an encouragement to the "next generation of collectors". MMCI Board encourages a family-oriented banquet and reasonably priced banquet tickets.
11. The host provides MMCI a list of M-M feature-brand registrants (names, addresses, etc.) if requested.
12. Each host will be responsible for getting advertising copy to the *MM Corresponder* so that the Summer Convention information will appear in two issues before the event. The *MM Corresponder* submission deadline dates: April 1 and July 1.
13. We ask that when hosts are assigning vendor table locations, they make sure to put MMCI tables and *The MM Corresponder* (Mohr Family) tables next to each other.
